

TRANSMITTAL SLIP

17 October 1955

(Date)

TO:

Colonel White

BUILDING

ROOM NO.

REMARKS:

Herewith are letters to go forward on military ceilings.

The language in certain of the letters "...funds necessary to support -- military positions..." was worked out with the Budget Division. The formula used to work out the monetary requirements for military personnel is much different from that used to budget for civilian personnel. We could not use, therefore, the same language used in setting the civilian ceiling.

Tab A has been prepared to show in
